Sunday Morning Well-Child Policy

Please take a moment to read our Sunday morning well-child policy:

If your child is displaying any of the symptoms below either now or in the past 24 hours, please keep your child with you, and have them sit out of children's ministries until they are well.

Keep your child home if they have:

- Fever over 99, vomiting or diarrhea, runny nose with any color of discharge, heavy coughs, wet coughs, unexplained rashes, skin infections, impetigo, boils, ringworm, eye infections, any contagious illness or any common childhood diseases such as chickenpox, mumps, measles, rubella, pertussis, scarlet fever, etc.

If a child develops any of the above symptoms while in our care, we will contact the child's parent(s) as soon as possible so they can tend to the child's illness.

Our Children's Ministry staff will not administer any type of medication to the children placed in our care.

On behalf of all our families and children's leaders, we appreciate your effort to keep our rooms clean and our children healthy.

Thank you for understanding
